GOD IS GOOD – GIVE THANKS!!!!

I recently read about a diver/photographer who dived 1.5 miles off eastern end of Bognor, 12 metres down & reported: “coral garden is flourishing, rose coral & anemone living together, tube worms filter feeding, sea squirt filter feeding, a sea sponge colony, Despite the pressure put on it by humans, the beautiful underwater sea garden is flourishing!” ***God is all about healing.*** *Healing God, we thank you, and we pray for your continued healing touch in our seas and over our lands. Amen.*

**Father God, in Your Mercy, hear our prayers
Your Mercy, hear our prayers**
